

# Surface Maintenance & Construction Laborer

**Endless Variety**

**Infinite Opportunity**

Seal the deal with a rewarding career! Surface Maintenance Laborers perform a variety of physical tasks in the maintenance and repair of infrastructure. Finish this and move over to Road Maintenance and Construction operating Light Equipment. The R.M. of Wilton prides itself in progressive practices – be apart of a team using the newest products, equipment and methodologies. This is a seasonal job running May through September.

## Highlights:

- ✓ Approximately 600 miles of road
- ✓ 10 hour days Monday – Friday (occasional weekend if rain delays experienced)
- ✓ A job that has you home every evening

## We need someone to:

- Operate trucks, trailers, machinery and other equipment and tools (wands, shovel, rake, brooms, hand packers other hand tools)
- Safely and competently operate and perform maintenance on assigned light equipment including: Sweepers, self-propelled vibratory packers/rollers, tractors with implements
- Work quickly, productively and safely to meet production goals as outlined by Team Lead
- Perform manual labor in surface patch and repair by cleaning, applying and sealing materials on road surface
- Stand and walk for long periods of time 8 – 10 hrs per day up to 25 KM/day
- Repeatedly lift 30 pounds without assistance, and perform strenuous physical labor
- Must be able to complete work tasks under various weather conditions including high heat
- Repetitively twist, bend and reach from side to side
- Load and unload materials and supplies
- Complete daily paperwork and equipment reports

## You should have:

- High school Diploma or GED equivalent
- Valid Class 5 Drivers with Clean Abstract
- Candidate must be in strong physical condition free of impairments or injuries
- Ability to withstand weather conditions and 10 hour shift on feet
- Previous experience an asset
- Ability to demonstrate dependability and reliability

**3 Vacancies: May - September**
